Valued Customer,

Welcome to TTS Custom Products & Services! With 50+ years of experience in servicing the new home industry with countertops and flooring, we introduce to you a wide variety of services and products. Additionally, our **(P)reventative (M)aintenance (C)hecks and (S)ervices** packages will ensure the long-term value and appearance of your material. We would like to personally thank you for your business and trust in all of your countertop and flooring needs.

TTS Custom Products & Services

Preventative Maintenance Checks and Services

General

- Inspection of flooring, grout, caulking, & countertops
- Checking wet areas
- Touching up silicone as needed
- Reinstalling silicone as needed

Does your silicone look like this?
Contact us before there is leakage or water damage!
Call our professional team at **(713) 590-4308** to set up a free estimation appointment!

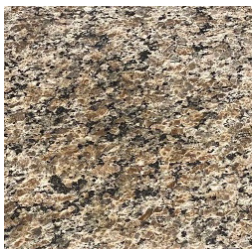

Countertops

- Disinfecting countertops
(Contact us for more details)
- Polishing countertops

» Are the joints in your countertops becoming problematic? Have you noticed any chips or cracks in your stone countertops? Let us service that for you!

» Is the caulking in your kitchen starting to look like this? It is time to replace it!

» Are there stains in your countertops that you just can't seem to remove? Contact our professional team at the number below, so that we can remove them for you!

» Are you unsure of when the last time your countertops were sealed? We recommend sealing natural stone

tops every 8 months to a year in order to protect against stains and maintaining their gorgeous sheen. Ask about our warranty sealers!

Call our professional team at **(713) 590-4308** to set up a free estimation appointment!
